

and imbeciles of the State of Nevada.  
Lost.

Assembly bill 31, the buffet car bill, was indefinitely postponed.  
Several other minor matters were referred and acted upon, and the House adjourned at 4:45.

PEACE AT PIZEN SWITCH.

The Pale Faces and Pintos Bury the Hatchet.

Adjutant General Galusha, who has returned from the seat of war, the center of disturbance between the pale faces and Pintos, covered with mud and glory, reports all quiet at Pizen Switch. He says the whites were very much alarmed, and the women and children spent one night in a large stone building, which was guarded on the outside by armed sentinels.

The cause of the disturbance was a dastardly and cowardly assault upon a young buck from Pyramid Lake, who was selling fish at Yerington. He was protecting two squaws from two young white men named Logan and Gauszell. Logan followed the Indian and struck him on the head with a bar of iron, which resulted in his death four or five days later. Logan, who was permitted to escape by the authorities and the Indians, naturally became indignant and threatened to retaliate by attacking the whites. When assured that officers were telegraphed to in various parts of the State to arrest Logan, the Indians immediately quieted down and expressed themselves as being satisfied. When informed that Logan had been arrested at Winnemucca their chief men informed the others and all were happy except the relatives of the murdered Indian.

Arms and cartridges were sent to Yerington by State authorities in compliance with the request of prominent citizens of that place, but it is believed that there will be no occasion to use them against the Indians.

A GREAT PLAY

To be Given by the Reno Dramatic Club.

"The Ensign," to be produced Monday evening, March 1st, will be the event of the season. The club has spared no pains in staging the play. The scenery by Mr. William Jack, is new and will be something novel for this community. Col. Ingwersoll says of the play that it is a "clean, natural, human play." It is founded on the "Frontier Affair," around which is woven a beautiful tale of love and war. Seats on sale at Lake's; orchestra 50 cents, balcony 50 cents.

Said accident.

A terrible accident occurred at the Savage mine yesterday afternoon, resulting in the death of Frank Mounahan. It seems that Mounahan and Dennis Sullivan were at work retimbering the shaft at or near the 400-foot level. They had taken up one of the planks of the platform on which they were working, when in some unaccountable way Mounahan fell through the hole and down to the 350-foot level. The alarm was immediately given and very soon the mangled remains were brought to the surface.

Frank Mounahan was an old resident of Virginia City, and for many years one of the best shots of the Elmore Guard, of which company he was a prominent member. He served our term in the Assembly, and was a member of the Miners' Union. Frank was a genial, whole-souled man, a good friend, a good husband and father. He leaves a wife and five children, and was about 45 years old.—Chronicle.

Fred Nichol of the University was his nephew.

Death of a Good Man.

M. L. Holland, for nearly twenty years a resident of Reno, died yesterday morning of Bright's disease of the kidneys. He had been suffering for a long time, but went to his bed only a few days since. He was an officer of the State militia some time ago, and more recently a Captain of Company C of this place.

In every relation of life M. L. Holland was a good man and died possessing the respect and good will of every one who knew him.

The funeral will take place from the Catholic Church this morning at 10 o'clock.

The Bloomers.

Lack of space prevents our giving an extended notice of the entertainment given by the "Bloomer" last evening at McKissick's Opera House. From first to last the show is a good one. The costumes were rich and very tasty. The singing was very good, and especially so was that of Minnie Huff, the contralto.

"The Chinese Ambassador" by Bird, and "The Renben and the Hawk," by Murry and Mackin, were simply immense.

It is a good clean show and deserves well of the public.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal illnesses. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, constipation, dizziness, yield to Electric Bitters. Fifty cents and \$1 per bottle at S. J. Hodgkinson's drug store.

School Shows.

Tasell Brothers have a large and fine assortment of toys for school children which parents are invited to call and inspect as they are being sold at a very low rate.

Celebrated for its great leavening strength and healthfulness. Assures the food against alum and all forms of adulteration common to the cheap brands.

ROYAL BAKING POWDER CO., NEW YORK.

FEDERAL OFFICE PROBABILITIES

Republican Leaders in Nevada Seeking Recognition.

Now that the date of the inauguration of President-elect McKinley is drawing near, aspirants for the various federal appointments in Nevada are pushing their claims to recognition. The candidates without exception are capable and honorable gentlemen and all are doubtless entitled to consideration from their way of looking at it, and particularly for their efforts in behalf of and fidelity to a party which was so set against the principal industry of the State, causing its following and advocates to appear as against not only their neighbors, but their own interests and in a hopeless minority as far as the State was concerned. Nevertheless they were earnest and made the fight, although defeat was admitted from the beginning, consequently those loyal to the cause should receive whatever reward there is to be divided. Yet when it is considered that there are more applicants than there are places somewhere, although deserving, must necessarily be disappointed.

For United States District Attorney, the names of R. D. Vanderleith, O. H. Gray and S. Summerfield are mentioned.

Mr. Vanderleith is a young man, energetic and deserving, a staunch Republican and a capable and studious lawyer. He would make an excellent officer and in all matters would command the respect and confidence due the official position.

Hon. O. H. Gray has served the people in various positions. He holds his Republican principles above all else, has had extended experience in the practice of law and would make a good officer.

S. Summerfield is one of the closest students of law in the country and has already made a reputation as a lawyer of note in the State. He is a young man, ambitious and a tireless worker. As a Republican he is the peer of any member of his party and if appointed can be depended upon to fulfill every detail of the office.

For Superintendent of the Branch Mint at Carson, ex-Governor B. K. Colcord is mentioned. He has been an active Republican and a leader of his party. He has had an extended experience in mining and milling and the management of business of this character will eminently fit him for the place.

For Surveyor General, Geo. H. Turrittin and Allen C. Bragg, both of Reno, are prominently spoken of. Mr. Turrittin was formerly Surveyor General and administered the affairs of the office in a satisfactory manner. He is a strong party man and an earnest worker in the rank and file of the party. He was a delegate to the late national convention at St. Louis that nominated the President-elect. If the office is again put in his hands it will be conducted as carefully as during its former incumbency, which met the entire approval of his superiors.

Mr. Bragg, editor of the Reno Gazette, is well known throughout the State and it is also admitted even by those who differed with him politically, that his paper was instrumental in "holding the little band of Republicans together" in the State and frequently when every one seemed gone, he would urge his party members to stand firm for their principles regardless of the outcome. A few days ago at Virginia City at a meeting of the Republican County Central Committee of Storey county at which several members of the State Central Committee were present, Mr. Bragg received the endorsement of the present. Should he be favored with the appointment, he will make an efficient and accommodating officer.

For United States Marshal, Hon. J. F. Emmitt of Reno, and Hon. Frank McCallough of Carson are aspirants. Either of them would make an excellent officer. Both have served the people in prominent positions and both were competent and faithful public servants. Both men have been loyal to their party and are popular leaders in their respective communities. Whichever one is chosen for this responsible position, there is little doubt but what he will perform all of the duties of the office satisfactorily.

Louis J. Cohn of Reno has been mentioned as Deputy Collector of Internal Revenue for this district. He is a young man, competent, energetic and an enthusiastic Republican. If selected he will make an efficient officer and his loyalty to his party and earnest work in its behalf deserves proper recognition at the hands of the administration.

Geo. Robinson of Reno, and N. A. Hummel of Wadsworth are anxious to secure their candidacy as Indian Agents for the Pyramid and Walker River Indian Reservations.

Mr. Robinson is an old soldier and has been a Republican all his life. He is a farmer by occupation and would handle the farming industry on the reservations with a practical hand.

Mr. Hummel of Wadsworth is a young man and an enthusiastic representative of his party. He will make an excellent agent should he receive the appointment.

Taking the gentlemen as a whole there is no question but what any one or all of them would make good officers and if business must be made in the million of that old and truth saying "to the victors belong the spoils," the present incumbents may feel that they will be succeeded by competent and honorable men.

Assembly Play.

Quite a number of visitors as well as the students were present yesterday at the Assembly lecture, which was delivered by Rev. Mr. Eddy, rector of the Episcopal Church at Carson.

The address on "Experiences on the Congo" was highly interesting. Mr. Eddy is a pleasing speaker and the lecture was much enjoyed by all, so much so that he was invited to speak again at some future day, which he kindly promised to do.

Next week—Wednesday—the Assembly address will be delivered by Rev. Father Kieley of the Catholic Church of this city, subject, "The Value of a Classical Education."

Marvelous Results.

From a letter written by Rev. J. Gundermar, of Diamond Lake, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at River Junction she was brought down with Pneumonia succeeding La Grippe. Terrible prostrations of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at S. J. Hodgkinson's drug store. Regular size, 50 cts. and \$1.

Hood's Sarsaparilla.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped lips, chilblains, corns and all skin eruptions, and positively cures piles or no pay required.
